**Paid “Parental Leave” for Certificated and Classified Employees (Ed. Code §§44977.5 and 45196.1)**

Effective January 1, 2017, certificated (K-12 school district) employees and classified (K-12 and COE) employees are entitled to up to 12 workweeks of paid “Parental Leave” in a 12-month period. “Parental leave” means leave taken for “reason of the birth of a child of the employee, or the placement of a child of an employee in connection with the adoption or foster care of the child by the employee.”

The rate of pay is the employee’s full pay if he or she has sufficient sick leave to cover the entire period of Parental Leave. If the employee does not have sufficient sick leave, the rate of pay is as set forth below.

Certificated Employees:

1. In school districts using the “differential pay” method of calculating extended illness leave compensation, certificated employees receive their full rate of pay less the amount actually paid or that would have been paid to the substitute employed to fill his or her position.

2. In school districts that have adopted a rule providing for pay at a rate of not less than 50% of regular salary for 100 working days, certificated employees receive the locally adopted rate.

**Classified Employees:**

1. In school districts and county offices of education using the “differential pay” method of calculating extended illness leave, classified employees receive their full rate of pay less the amount actually paid to the substitute employed to fill his or her position.
2. In school districts and county offices of education that have adopted a rule providing for pay at a rate of not less than 50% of regular salary for 100 working days, classified employees receive the locally adopted rate.

***An employee is not required to have 1,250 hours of service with the employer during the previous 12-month period to qualify for paid “parental leave” under the Education Code.\**** An employee who is eligible for CFRA leave may elect to take unpaid CFRA childcare leave and reserve his or her sick leave for later use; however, if an employee elects to receive paid Parental Leave (i.e., use any sick leave for up to 12 workweeks), his or her entitlement to CFRA childcare leave will be reduced by the period of Parental Leave.

**Parental Leave + CFRA Childcare Leave = 12 workweeks (Maximum)**

**Parental Leave**

-----12 workweeks-----	
=====Sick Leave=====	+++++*Differential/50% Rule Pay+++++
	<i>*if employee meets modified CFRA eligibility requirements (12 mos. of service w/employer; 50 employees w/i 75 miles)</i>

Employers are required to honor any collective bargaining agreement providing for greater parental leave rights.

**Illness / Injury Leave for New Employees who are Military Veterans with Qualifying Disability (SB 1180 – Education Code sections 44978.2 and 45191.5)**

Certificated school district employees and classified school district or county office of education employees hired on or after January 1, 2017, who have a military service-connected disability rated at 30 percent or more by the U.S. Department of Veterans Affairs are entitled to paid illness or injury leave for the purpose of undergoing medical treatment for a military service-connected disability.

Certificated employees may take up 10 days leave during the first 12 months of employment for medical treatment of a qualifying service-connected disability. Classified employees may take up to 12 days leave during the first 12 months of employment for medical treatment of a qualifying service-connected disability. Any leave not used within the first 12 months of employment is forfeited.

Employers may require employees to provide satisfactory proof that the leave of absence is for medical treatment of a qualifying military service-connected disability.

The military veteran leave entitlement is in addition to any illness or injury available to non-military veteran employees.

## Assembly Bill No. 2393

### CHAPTER 883

An act to amend Section 44977.5 of, and to add Sections 45196.1, 87780.1, and 88196.1 to, the Education Code, relating to school employees.

[Approved by Governor September 30, 2016. Filed with  
Secretary of State September 30, 2016.]

#### LEGISLATIVE COUNSEL'S DIGEST

AB 2393, Campos. School employees: sick leave: parental leave.

Under existing law, when a person employed in a position requiring certification qualifications exhausts all available sick leave, as specified, and continues to be absent from his or her duties on account of illness or accident for an additional period of up to 5 school months, he or she, during that additional period, receives the difference between his or her salary and the sum that is actually paid a substitute employee employed to fill his or her position during his or her absence or, if no substitute employee was employed, the amount that would have been paid to the substitute had he or she been employed. Existing law also provides the differential pay benefit described above for up to 12 school weeks if the person employed in a position requiring certification qualifications is absent on account of maternity or paternity leave. Existing law provides that the 12-week period shall be reduced by any period of sick leave, including accumulated sick leave, taken during a period of maternity or paternity leave. Existing law prohibits a person employed in a position requiring certification qualifications on maternity or paternity leave pursuant to the Moore-Brown-Roberti Family Rights Act from being denied access to differential pay while on that leave.

This bill would additionally provide that if a school district maintains a rule that credits a person employed in a position requiring certification qualifications at least 100 working days of sick leave paid at no less than 50% of his or her regular salary, when he or she has exhausted all available sick leave, including all accumulated sick leave, and continues to be absent from his or her duties on account of parental leave, the person employed in a position requiring certification qualifications would be compensated at no less than 50% of his or her regular salary for the remaining portion of the 12-workweek period of parental leave. The bill would no longer require a person employed in a position requiring certification qualifications to have 1,250 hours of service with the employer during the previous 12-month period, as required by the Moore-Brown-Roberti Family Rights Act, in order to take parental leave pursuant to these provisions. The bill would require that parental leave taken pursuant to these provisions run concurrently with parental leave taken pursuant to the act, and that the aggregate amount

of parental leave taken pursuant to either these provisions or under the act not exceed 12 workweeks in a 12-month period.

Under existing law, when a classified school employee in certain school districts and community college districts exhausts all available sick leave, as specified, and continues to be absent from his or her duties on account of illness or accident for an additional period of up to 5 school months, the employee during that additional period receives the difference between his or her salary and the sum that is actually paid a substitute employee employed to fill his or her position during his or her absence. Under existing law, when a classified school employee in certain other school districts and community college districts exhausts all available sick leave, as specified, and continues to be absent from his or her duties on account of illness or accident for an additional period of up to 5 school months, the employee during that additional period receives at least 50% of the employee's regular salary.

This bill would additionally provide the differential pay benefits described above for up to 12 workweeks if the classified school employee is absent on account of parental leave, as defined. The bill would provide that the 12-workweek period shall be reduced by any period of sick leave, including accumulated sick leave, taken during a period of parental leave. The bill would no longer require a classified employee to have 1,250 hours of service with the employer during the previous 12-month period, as required by the Moore-Brown-Roberti Family Rights Act, in order to take parental leave pursuant to these provisions. The bill would require that parental leave taken pursuant to these provisions run concurrently with parental leave taken pursuant to the act, and that the aggregate amount of parental leave taken pursuant to either these provisions or under the act not exceed 12 workweeks in a 12-month period.

Under existing law, when a person employed in an academic position in a community college district exhausts all available sick leave, as specified, and continues to be absent from his or her duties on account of illness or accident for an additional period of up to 5 school months, the person employed in an academic position during that additional period receives the difference between his or her salary and the sum that is actually paid a temporary employee employed to fill his or her position during his or her absence or, if no temporary employee was employed, the amount that would have been paid to the temporary employee had he or she been employed.

This bill would additionally provide the differential pay benefit described above for up to 12 workweeks if the person employed in an academic position is absent on account of parental leave, as defined, as specified. The bill would provide that the 12-workweek period shall be reduced by any period of sick leave, including accumulated sick leave, taken during a period of parental leave. The bill would additionally provide that if a community college district maintains a rule that credits a person employed in an academic position at least 100 working days of sick leave paid at no less than 50% of the employee's regular salary, when an employee has exhausted all available sick leave, including all accumulated sick leave, and continues

to be absent from his or her duties on account of parental leave, the employee would be compensated at no less than 50% of the employee's regular salary for the remaining portion of the 12-workweek period of parental leave. The bill would no longer require a person employed in an academic position to have 1,250 hours of service with the employer during the previous 12-month period, as required by the Moore-Brown-Roberti Family Rights Act, in order to take parental leave pursuant to these provisions. The bill would require that parental leave taken pursuant to these provisions run concurrently with parental leave taken pursuant to the act, and that the aggregate amount of parental leave taken pursuant to either these provisions or under the act not exceed 12 workweeks in a 12-month period.

*The people of the State of California do enact as follows:*

SECTION 1. Section 44977.5 of the Education Code is amended to read: 44977.5. (a) (1) Notwithstanding any other law, during each school year, a person employed in a position requiring certification qualifications may use his or her sick leave for purposes of parental leave for a period of up to 12 workweeks.

(2) In school districts that use the differential pay system described in Section 44977, when a person employed in a position requiring certification qualifications has exhausted all available sick leave, including all accumulated sick leave, and continues to be absent from his or her duties on account of parental leave pursuant to Section 12945.2 of the Government Code, the amount deducted from the salary due him or her for any of the remaining portion of the 12-workweek period in which the absence occurs shall not exceed the sum that is actually paid a substitute employee employed to fill his or her position during his or her absence or, if no substitute employee was employed, the amount that would have been paid to a substitute had he or she been employed. The school district shall make every reasonable effort to secure the services of a substitute employee.

(3) In school districts that use the differential pay system described in Section 44983, when a person employed in a position requiring certification qualifications has exhausted all available sick leave, including all accumulated sick leave, and continues to be absent from his or her duties on account of parental leave pursuant to Section 12945.2 of the Government Code, the person shall be compensated at no less than 50 percent of his or her regular salary for the remaining portion of the 12-workweek period of parental leave.

(b) For purposes of subdivision (a), all of the following apply:

(1) The 12-workweek period shall be reduced by any period of sick leave, including accumulated sick leave, taken during a period of parental leave.

(2) In community college districts that use the differential pay system described in Section 87780, when an employee has exhausted all available sick leave, including all accumulated sick leave, and continues to be absent from his or her duties on account of parental leave pursuant to Section 12945.2 of the Government Code, the amount deducted from the salary due him or her for any of the remaining portion of the 12-workweek period in which the absence occurs shall not exceed the sum that is actually paid a temporary employee employed to fill his or her position during his or her absence or, if no temporary employee was employed, the amount that would have been paid to the temporary employee had he or she been employed.

(5) “FMLA” means the federal Family and Medical Leave Act of 1993 (P.L. 103-3).

(6) “Health care provider” means any of the following:

(A) An individual holding either a physician’s and surgeon’s certificate issued pursuant to Article 4 (commencing with Section 2080) of Chapter 5 of Division 2 of the Business and Professions Code, an osteopathic physician’s and surgeon’s certificate issued pursuant to Article 4.5 (commencing with Section 2099.5) of Chapter 5 of Division 2 of the Business and Professions Code, or an individual duly licensed as a physician, surgeon, or osteopathic physician or surgeon in another state or jurisdiction, who directly treats or supervises the treatment of the serious health condition.

(B) Any other person determined by the United States Secretary of Labor to be capable of providing health care services under the FMLA.

(7) “Parent” means a biological, foster, or adoptive parent, a stepparent, a legal guardian, or other person who stood in loco parentis to the employee when the employee was a child.

(8) “Serious health condition” means an illness, injury, impairment, or physical or mental condition that involves either of the following:

(A) Inpatient care in a hospital, hospice, or residential health care facility.

(B) Continuing treatment or continuing supervision by a health care provider.

(d) An employer shall not be required to pay an employee for any leave taken pursuant to subdivision (a), except as required by subdivision (e).

(e) An employee taking a leave permitted by subdivision (a) may elect, or an employer may require the employee, to substitute, for leave allowed under subdivision (a), any of the employee’s accrued vacation leave or other accrued time off during this period or any other paid or unpaid time off negotiated with the employer. If an employee takes a leave because of the employee’s own serious health condition, the employee may also elect, or the employer may also require the employee, to substitute accrued sick leave during the period of the leave. However, an employee shall not use sick leave during a period of leave in connection with the birth, adoption, or foster care of a child, or to care for a child, parent, or spouse with a serious health condition, unless mutually agreed to by the employer and the employee.

(f) (1) During any period that an eligible employee takes leave pursuant to subdivision (a) or takes leave that qualifies as leave taken under the FMLA, the employer shall maintain and pay for coverage under a “group health plan,” as defined in Section 5000(b)(1) of the Internal Revenue Code, for the duration of the leave, not to exceed 12 workweeks in a 12-month period, commencing on the date leave taken under the FMLA commences, at the level and under the conditions coverage would have been provided if the employee had continued in employment continuously for the duration of the leave. Nothing in the preceding sentence shall preclude an employer from maintaining and paying for coverage under a “group health plan” beyond 12 workweeks. An employer may recover the premium that the employer paid as required by this subdivision for maintaining coverage for the employee under the group health plan if both of the following conditions occur:

(A) The employee fails to return from leave after the period of leave to which the employee is entitled has expired.

(B) The employee's failure to return from leave is for a reason other than the continuation, recurrence, or onset of a serious health condition that entitles the employee to leave under subdivision (a) or other circumstances beyond the control of the employee.

(2) Any employee taking leave pursuant to subdivision (a) shall continue to be entitled to participate in employee health plans for any period during which coverage is not provided by the employer under paragraph (1), employee benefit plans, including life insurance or short-term or long-term disability or accident insurance, pension and retirement plans, and supplemental unemployment benefit plans to the same extent and under the same conditions as apply to an unpaid leave taken for any purpose other than those described in subdivision (a). In the absence of these conditions an employee shall continue to be entitled to participate in these plans and, in the case of health and welfare employee benefit plans, including life insurance or short-term or long-term disability or accident insurance, or other similar plans, the employer may, at his or her discretion, require the employee to pay premiums, at the group rate, during the period of leave not covered by any accrued vacation leave, or other accrued time off, or any other paid or unpaid time off negotiated with the employer, as a condition of continued coverage during the leave period. However, the nonpayment of premiums by an employee shall not constitute a break in service, for purposes of longevity, seniority under any collective bargaining agreement, or any employee benefit plan.

For purposes of pension and retirement plans, an employer shall not be required to make plan payments for an employee during the leave period, and the leave period shall not be required to be counted for purposes of time accrued under the plan. However, an employee covered by a pension plan may continue to make contributions in accordance with the terms of the plan during the period of the leave.

(g) During a family care and medical leave period, the employee shall retain employee status with the employer, and the leave shall not constitute a break in service, for purposes of longevity, seniority under any collective bargaining agreement, or any employee benefit plan. An employee returning from leave shall return with no less seniority than the employee had when the leave commenced, for purposes of layoff, recall, promotion, job assignment, and seniority-related benefits such as vacation.

(h) If the employee's need for a leave pursuant to this section is foreseeable, the employee shall provide the employer with reasonable advance notice of the need for the leave.

(i) If the employee's need for leave pursuant to this section is foreseeable due to a planned medical treatment or supervision, the employee shall make a reasonable effort to schedule the treatment or supervision to avoid disruption to the operations of the employer, subject to the approval of the health care provider of the individual requiring the treatment or supervision.

(j) (1) An employer may require that an employee's request for leave to care for a child, a spouse, or a parent who has a serious health condition be supported by a

certification issued by the health care provider of the individual requiring care. That certification shall be sufficient if it includes all of the following:

- (A) The date on which the serious health condition commenced.
- (B) The probable duration of the condition.
- (C) An estimate of the amount of time that the health care provider believes the employee needs to care for the individual requiring the care.
- (D) A statement that the serious health condition warrants the participation of a family member to provide care during a period of the treatment or supervision of the individual requiring care.

(2) Upon expiration of the time estimated by the health care provider in subparagraph (C) of paragraph (1), the employer may require the employee to obtain recertification, in accordance with the procedure provided in paragraph (1), if additional leave is required.

(k) (1) An employer may require that an employee's request for leave because of the employee's own serious health condition be supported by a certification issued by his or her health care provider. That certification shall be sufficient if it includes all of the following:

- (A) The date on which the serious health condition commenced.
- (B) The probable duration of the condition.
- (C) A statement that, due to the serious health condition, the employee is unable to perform the function of his or her position.

(2) The employer may require that the employee obtain subsequent recertification regarding the employee's serious health condition on a reasonable basis, in accordance with the procedure provided in paragraph (1), if additional leave is required.

(3) (A) In any case in which the employer has reason to doubt the validity of the certification provided pursuant to this section, the employer may require, at the employer's expense, that the employee obtain the opinion of a second health care provider, designated or approved by the employer, concerning any information certified under paragraph (1).

(B) The health care provider designated or approved under subparagraph (A) shall not be employed on a regular basis by the employer.

(C) In any case in which the second opinion described in subparagraph (A) differs from the opinion in the original certification, the employer may require, at the employer's expense, that the employee obtain the opinion of a third health care provider, designated or approved jointly by the employer and the employee, concerning the information certified under paragraph (1).

(D) The opinion of the third health care provider concerning the information certified under paragraph (1) shall be considered to be final and shall be binding on the employer and the employee.

(4) As a condition of an employee's return from leave taken because of the employee's own serious health condition, the employer may have a uniformly applied practice or policy that requires the employee to obtain certification from his or her health care provider that the employee is able to resume work. Nothing in this

paragraph shall supersede a valid collective bargaining agreement that governs the return to work of that employee.

(l) It shall be an unlawful employment practice for an employer to refuse to hire, or to discharge, fine, suspend, expel, or discriminate against, any individual because of any of the following:

(1) An individual's exercise of the right to family care and medical leave provided by subdivision (a).

(2) An individual's giving information or testimony as to his or her own family care and medical leave, or another person's family care and medical leave, in any inquiry or proceeding related to rights guaranteed under this section.

(m) This section shall not be construed to require any changes in existing collective bargaining agreements during the life of the contract, or until January 1, 1993, whichever occurs first.

(n) The amendments made to this section by Chapter 827 of the Statutes of 1993 shall not be construed to require any changes in existing collective bargaining agreements during the life of the contract, or until February 5, 1994, whichever occurs first.

(o) This section shall be construed as separate and distinct from Section 12945.

(p) Leave provided for pursuant to this section may be taken in one or more periods. The 12-month period during which 12 workweeks of leave may be taken under this section shall run concurrently with the 12-month period under the FMLA, and shall commence the date leave taken under the FMLA commences.

(q) In any case in which both parents entitled to leave under subdivision (a) are employed by the same employer, the employer shall not be required to grant leave in connection with the birth, adoption, or foster care of a child that would allow the parents family care and medical leave totaling more than the amount specified in subdivision (a).

(r) (1) Notwithstanding subdivision (a), an employer may refuse to reinstate an employee returning from leave to the same or a comparable position if all of the following apply:

(A) The employee is a salaried employee who is among the highest paid 10 percent of the employer's employees who are employed within 75 miles of the worksite at which that employee is employed.

(B) The refusal is necessary to prevent substantial and grievous economic injury to the operations of the employer.

(C) The employer notifies the employee of the intent to refuse reinstatement at the time the employer determines the refusal is necessary under subparagraph (B).

(2) In any case in which the leave has already commenced, the employer shall give the employee a reasonable opportunity to return to work following the notice prescribed by subparagraph (C).

(s) Leave taken by an employee pursuant to this section shall run concurrently with leave taken pursuant to the FMLA, except for any leave taken under the FMLA for disability on account of pregnancy, childbirth, or related medical conditions. The aggregate amount of leave taken under this section or the FMLA, or both, except for

leave taken for disability on account of pregnancy, childbirth, or related medical conditions, shall not exceed 12 workweeks in a 12-month period. An employee is entitled to take, in addition to the leave provided for under this section and the FMLA, the leave provided for in Section 12945, if the employee is otherwise qualified for that leave.

(t) It shall be an unlawful employment practice for an employer to interfere with, restrain, or deny the exercise of, or the attempt to exercise, any right provided under this section.

(Amended by Stats. 2011, Ch. 678, Sec. 2. (AB 592) Effective January 1, 2012.)
